

GooD4U™ Timer Instructions

* Quick Start Instructions *

Your new GooD4U dehydrator is equipped with a 40 hour electronic timer.

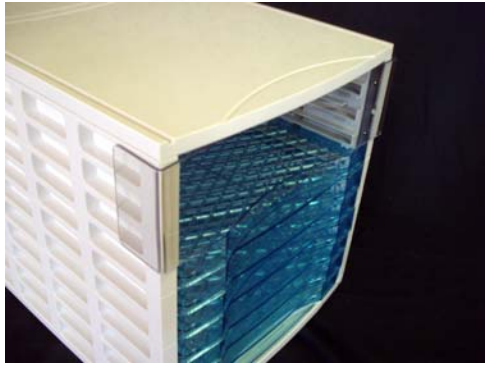

The following are instructions on the setting of the timer.

The unit will not turn on without the timer being set.

1. Turn on the lighted ON/OFF switch, this powers the unit
2. Press and hold the select button (SEL) on the timer until the hour light flashes
3. Select the hours to dry and then press SEL, then select the minutes to dry and select SEL. The Timer lights will no longer flash.
4. Press the DOWN button on the timer and the unit will turn on (including fan).

Blank Instructions

To use your blank:

Remove any three (3) trays from your machine

Place the blank over the sides of the machine in that area, the blank will rest on the piece below to support it.
